- Assemble machinery using verbal instructions, blueprints, and photos.
- Common knowledge of shop tools and operations including hand tools, drilling, tapping, saw cutting and grinding.
- Must be able to work flexible schedules, occasional weekends.
- Must be able to read and understand blueprints associated with manufacturing.
- Ability to disassemble machinery, clean and reassemble in a timely matter.
- Ability to align Machines and Tooling preferred.
- General knowledge of precision instruments and measuring devices.
- Interfaces with customers and vendors as needed.
- Performs other duties as assigned.

Knowledge & Necessary Skills Required:

- Ability to read and understand technical manufacturing drawings and specifications.
- Excellent organizational, time management, leadership, and communication skills.
- Excellent skill in both written and oral communication.
- Strong analytical skills.
- Basic computer skills (Microsoft Office & Outlook).
- Motivation for continuous improvement.
- Periodically travel as needed.
- Electrician and/or Machine Tool & Die skills preferred, but not required.
- Adherence to company policies.

Education & Qualifications Required:

- High School Diploma or equivalent.
- Minimum 2-years of Technical Experience with machinery and related equipment.
- Overhead crane and lift-truck license is a plus.
- General Troubleshooting Skills.

Company Benefits:

- Company Matched 401(k)
- Health, Life, Dental and Vision Insurance
- Life & AD&D Insurance
- Flexible Spending Account
- PTO Time

- Bonus Program
- Wellness Reimbursement
